TUCSON, AZ – Join Us for another Pop-Up Public Living Room: A Community Connection Experience!

The **Fourth Avenue Merchants Association** (FAMA) and The Historic Y are thrilled to invite the community to join them for a Pop-Up Public Living Room on Tuesday, April 15, from 10:00 AM to 12:00 PM at The Historic Y. Following the success of the inaugural event in January, FAMA is excited to partner with The Historic Y to bring back this unique and welcoming opportunity for connection and conversation.

The Pop-Up Public Living Room is a no agenda, judgment-free zone designed for people to come together, chat, build new connections, and enjoy a bit of relief from the demands of everyday life. This event encourages anyone from the community to stop by, engage in informal dialogue, and share a space of mutual understanding and kindness.

Public Living Rooms, which started in the United Kingdom, have gained momentum worldwide, and FAMA is proud to be part of the Camerados movement. This movement aims to create spaces where people can freely interact and support one another, reinforcing the value of face-to-face conversations in a world that's often digitally disconnected.

“We are so excited to continue our work with The Historic Y and provide this opportunity for the Tucson community,” said FAMA Executive Director, Casey Anderson. “Our first Pop-Up Public Living Room was such a positive experience, and we look forward to hosting more of these gatherings where people can connect in a relaxed, friendly environment.”

The event is open to everyone and is free of charge. It's an opportunity to take a break, meet new people, share stories, and feel part of a larger community in a space where no one is a stranger.

Event Details: Date: Tuesday, April 15, 2025
Time: 10:00 AM - 12:00 PM
Location: The Historic Y, 738 North 5th Avenue, Tucson, AZ
Cost: Free and open to all

Anyone can be a Camerado, whether setting up a Public Living Room themselves or just popping in for community and conversation. What Camerados all have in common is that they try to stick to six simple ideas for getting along with others. These include disagreeing respectfully, mixing with people unlike themselves and having a bit of a laugh.
